Engineering & Infrastructure Advisory

Adroit Associates' Engineering & Infrastructure Advisory delivers data-driven solutions for feasibility, design, construction oversight, and post-completion reviews, ensuring safe, sustainable, fit-for-purpose infrastructure.

Our Engineering & Infrastructure Advisory Services:

Architectural & Structural Design Advisory

Adroit Associates' Architectural & Structural Design Advisory delivers code-compliant, high-performance designs via CAD/BIM and data-driven solutions for corporate and humanitarian contexts.

Construction Project Management Advisory

Adroit's Construction Project Management Advisory ensures compliant, on-time, and on-budget delivery through independent oversight, quality assurance, and performance monitoring of complex infrastructure projects.

Transportation Infrastructure Advisory

Technical advisory, planning, and assessment across multimodal transport networks, including roads, bridges, and corridors, with services covering network studies, feasibility, mobility planning, and infrastructure analysis.

Feasibility Studies

Adroit's Feasibility Studies assess project viability via integrated technical, economic, and environmental analyses, delivering evidence-based, low-risk, investment-ready designs.

Agricultural & Irrigation Engineering Advisory

Adroit's Agricultural & Irrigation Advisory delivers climate-smart, community-led water systems via irrigation studies, efficient infrastructure, and resilient, food-secure solutions.

Design and Construction Supervision of 35 KM Road Under USAID Strategic Provincial Roads Initiative

Comprehensive design and construction management for the development of 35 km of 7-meter-wide strategic roadway, enhancing regional connectivity, mobility, and economic integration.

Other Projects:

WASH & NFI Humanitarian Needs Assessment

Independent Infrastructure Monitoring & Compliance Verification for CIP (World Bank-Funded Program)

Evaluation of Life-saving WASH, Health, Nutrition, Food Security, and Assistance to drought-affected communities

Qosh Tapa Irrigation Scheme and Power Generation Feasibility Studies

Over 20 international and 100+ local experts conducted soil, water, hydropower, environmental, and climate studies to assess the project's feasibility.

Multiple Heritage Sites Restoration and Rehabilitation Monitoring

Adroit provided third-party monitoring for heritage restoration projects across Afghanistan, ensuring cultural preservation, compliance, and high-quality execution.

Infrastructure, Environment & Climate Advisory Training Series on ESIA, SWM, and Water System Impacts

Final Evaluation Exercise of the PACIDA Emergency Relief & Anticipated Humanitarian Action (ER&AHA) Project

Design and Construction Supervision of Cold Storage Facilities
